

IPSTAR Broadband nbn® Fixed Line / Fixed Wireless Plans

Critical Information Summary

Information about the Service

Description

nbn® Fixed Line / Fixed Wireless is a broadband service that delivers internet connectivity using optical fibre or 4G / 5G technology via nbn® network to your premises.

Service Requirement

You will need to be connected to the nbn® Fixed Line / Fixed Wireless Access network. It is only available within nbn® Fixed Line / Fixed Wireless service areas. The service availability can be checked by contacting IPSTAR Broadband on **1300 477 827**.

Equipment Requirements

nbn® equipment will be provided by nbn® and installed at your premises on your preferred date and time specified in the application form by an nbn® installer. nbn® retains ownership of the equipment and will provide service and maintenance.

For existing Fixed Wireless services, your home hardware may need an upgrade (Wireless-NTD v3 or v4) to achieve the potential maximum speeds shown below.

Minimum Term

The service is available on a month to month basis, there is no lock-in contract.

Important: Online safety information

Our Online Safety Code Manual available at <https://ipstarbroadband.com.au/online-safety-code-manual> includes important information about internet content filtering products that may limit or prevent access to illegal or restricted material on the internet.

Information about Pricing

Setup Charge

There is no setup charge for your service. You may be charged a one-time \$300 nbn® “New Development Charge” if your premise is identified by nbn® as being a location in a new development.

Early Termination Charge

There is no early termination charge.

Maximum Monthly Charge

The maximum monthly charge is the charge shown for the corresponding service listed in the table below. No excess usage charge applies.

Monthly Plan Charge

The following table shows the nbn® Fixed Line and Fixed Wireless service plans. Our standard no lock-in contract is 1 month. The Download and Upload speeds shown are the potential maximum attainable with the service.

Plan Name	Potential Maximum Download Speed	Potential Maximum Upload Speed	Monthly Data Allowance	Monthly Charge
